ABOUT US

Car care that comes to you.

Limpio Car Wash is a mobile car wash and detailing company based on Al Reem Island, Abu Dhabi. Limpio means “clean” in Spanish, and that is our promise: a spotless car, without the trip to the car wash.

We combine professional products and a trained, uniformed team with a simple idea: we come to where your car already is. Today we wash residents' cars in building parking, visit homes and offices with our equipped van, and keep company fleets clean on a fixed weekly schedule.

The Limpio team on site, fully equipped and ready to work.
